

ADVANCING VACCINES AND BIOTHERAPEUTICS

Viral Vector Biomanufacturing

Government Partnering

ABL scientists are working to conquer today's most challenging diseases

ABL utilizes its strong core of product development expertise, GMP manufacturing and analytical testing capabilities toward advancing your candidate vaccines and therapeutics through preclinical and clinical development. ABL's experts are producing and testing today's leading oncolytic viruses, gene therapies, immunotherapies, viral vaccines, and recombinant protein vaccines.

ABL Europe

Biomanufacturing
Strasbourg, France
Lyon, France
